Our Primary Goal is to Save Businesses

The majority of distressed situations we are involved in result in the restructuring, sale or re-listing of a company’s business.

FTI Consulting’s experienced team is skilled at designing formal solutions to maximise value from distressed or insolvent companies.

Whether it is using liquidations, receiverships, Schemes of Arrangements, bankruptcy proceedings, or other types of formal appointments, our teams have the knowledge, experience and technical capabilities to use formal proceedings to recover value for stakeholders.

Our senior team members are able to accept formal corporate recovery appointments in key jurisdictions across Asia, and in offshore jurisdictions such as Bermuda, BVI, the Cayman Islands and Mauritius.

We are also accustomed to dealing with the practical issues that can be the difference between success and disaster, such as replacing legal representatives in Mainland China, obtaining freezing orders and presenting Court applications in the most favourable light.

We have extensive experience across Asia's many different legal systems. This experience ensures that the right strategy is used for every engagement.
